4. Pavilion of Hope wants every client to have an equal opportunity to select and receive the various furniture items that they need. To achieve this goal, POH uses a “Point System” to create a limit on the amount of furniture that each client may select and receive. Each client receives 40 points with a maximum of eleven furniture items. Pavilion of Hope does not guarantee the availability of any specific item on any given day as availability is a function of incoming donations.
